

GEORGIA PLANNING ASSOCIATION 2011 SPRING CONFERENCE

May 12 - 13 * Wyndham Conference Center* Peachtree City, GA

Come one, come all to GPA's Spring Conference 2011, to be held at the Wyndham Peachtree Conference Center in Peachtree City, May 12th and 13th.

It's time for our regular gathering to learn from one another, build on our professional talents and discuss the issues facing our communities both today and tomorrow. This year's event will offer the traditional four tracks for educational sessions (Transportation, Environment, Professional Development and Comprehensive Planning) plus law and ethics sessions. This year's conference will also provide participants with an opportunity to learn the latest on legislative matters that impact community planning and hear about DCA's proposals to make local planning easier and more efficient.

The 2011 Spring Conference will mark GPA's debut in Peachtree City, Georgia's first master-planned community since Savannah. Developed in the 1950's under a village concept that centralizes retail and recreational centers within pockets of residential neighborhoods, Peachtree City incorporated step-down development, green space, buffers, and nature trails decades before these concepts became popular. The City's most unique and notable feature are the 90+ miles of paved paths shared by pedestrians, cyclists, and golf carts that connect neighborhoods to schools, shopping, recreation, and offices via the extensive greenbelts.

Now is a wonderful opportunity for all planners to learn about this unique development and how certain design forms and an emphasis on quality amenities helped make Fayette County the wealthiest in the state and encouraged metro Atlanta to grow deeper to the southwest.
